

LANIER

LF225m

FACSIMILE

Dependable fax system with versatile multifunctional performance

This compact system offers essential fax technology with occasional color scanning, built-in laser printing, and convenience copying for small offices, independent businesses, and executive suites

A flexible fax system for demanding organizations

To maintain peak productivity, organizations in every industry need versatile, reliable technology. That's why we offer the Lanier LF225m, a fax-centric multifunctional system that delivers all the capabilities you expect—and more—in a compact, easy-to-use design. This flexible, four-in-one system is ideal for small offices, independent businesses, executive suites and other environments that need high-end faxing plus occasional color scanning, printing and convenience copying.

Outstanding fax performance

The Lanier LF225m provides the essential features you need to send, receive and store fax documents quickly and easily.

- Ensure smooth, unattended transmission for contracts, proposals and other lengthy documents (up to 8" x 14" in size) with the 50-sheet Automatic Document Feeder.
- Send faxes to one or hundreds of recipients with superior efficiency using 40 Quick Dials, 250 Speed Dials and 32 Group Dials.
- Maximize speed and minimize long-distance costs with a 33.6 Kbps Super G3 modem.
- Protect invoices, medical records and other critical documents with 2 MB nonvolatile memory and battery backup. The system stores up to 125 pages during power loss, then prints or transmits when power is restored.

Powerful color scanning

Impressive scanning features make it easy to manage paper-to-electronic workflows. Use the Lanier LF225m to quickly digitize color hardcopy documents so you can attach them to e-mail, add them to presentations or store them for archiving.

- Eliminate the need for a separate desktop scanner with TWAIN-compliant scanning for full-color and black & white documents.
- Make sure scanned files exhibit exceptional image quality with interpolated resolution up to 2400 x 4800 dpi.
- Capture text from hardcopy output, turning static documents into dynamic, editable content with standard PaperPort® OCR software.

Laser printing, convenience copying

With built-in laser printing and convenience copying, the Lanier LF225m offers the tools you need to complete a wide range of everyday document tasks.

- Print documents easily and quickly with excellent image quality.
- Expect error-free results, because the Lanier LF225m supports printing on virtually all common Windows® platforms.

Make every job easier

- Easily connect the Lanier LF225m to a stand-alone PC with the USB 2.0 interface.
- Simplify consumable purchasing, replenishment and storage with an all-in-one supply cartridge.

SPECIFICATIONS

Type	Desktop
