LASER PRINTER

## WORKS WELL WITH OTHERS

For maximum efficiency with minimum hassle, look no further than the Gestetner P7021 Network Printer. Your workgroup will benefit from a printing solution that sets new standards for productivity, reliability and affordability.

## CONSISTENT PERFORMANCE

The Gestetner P7021 meets the demands of busy workgroups and offices with a fast print speed of 21 pages-per-minute, a robust feature set and a variety of flexible paper-handling capabilities. Plus, a compact full front design helps maximize office space.

- A powerful 133 MHz RISC processor combines with a fast first print speed of 10 seconds or less to ensure that all print jobs move quickly through the print queue.
- An optional Network Interface Card supports Fast Ethernet LAN and AppleTalk connections and provides seamless integration with today's most popular network operating systems.
- True 1200 dpi output means that your business documents always present a polished appearance.
- Standard PCL6 and PostScript 2 assure out-of-the-box compatibility with a variety of business applications, while Auto Emulation Switching eliminates the guesswork.
- Proprietary Gestetner Net Vision Software makes it easy to install and monitor your P7021, or any Gestetner connected system, on your network, whether it's Client/Server or Peer-to-Peer. You'll be able to "see" - via an icon on the Windows® Task Bar - exactly what your P7021 is doing.
- Up to 1,350 sheets of paper can be available at all times - a big plus in busy workgroups and offices. The optional 11" x 17" tray and envelope feeder further increase versatility and productivity.
- An All-In-One Cartridge makes consumable replacement an effortless task, reduces consumable inventory and contributes to the P7021's low cost of ownership.

## WE HAVE A SOLUTION

Gestetner consultants know how to analyze your document workflow and then recommend an efficient and cost-effective network output strategy. And, whether the need is for black and white, color, multi-functional or a combination of all three, Gestetner has a solution that's right for you.
