ADD COLOR TO YOUR DOCUMENTS

Fire up the Gestetner C7005w and C7005p Desktop Color Laser Printers and discover how easy it is to produce vibrant, full color images at 600 x 600 dpi resolution on a variety of plain paper types and sizes. Whether you're a design professional or member of the corporate workgroup, the C7005w and C7005p are the ideal tools for attention-getting business presentations, press-accurate color proofs, tabloid and tabloid full bleed applications.

PROFESSIONAL COLOR

Design and graphics professionals will appreciate the power and productivity of the Gestetner C7005p. A built-in Fiery™ RIP and standard Fast Ethernet LAN connection combine with standard Adobe PostScript 3 and PCL5c/5e for printing from any PC or Macintosh application at rated engine speed. Automatic Color Calibration allows you to fine-tune color output with precision – ensuring consistent results. You'll also be able to print full bleed tabloid creations – complete with crop marks – quickly and easily thanks to the C7005p's ability to accept paper sizes up to 13" x 18".

BUSINESS COLOR

The Gestetner C7005w will be a welcome addition in any general office or corporate workgroup environment. Ideas will leap off the page, presentations will be polished and proposals will command attention. For added versatility, the C7005w can accept paper sizes up to 11" x 17" so producing oversized spreadsheets will be a snap. Standard IPDL-C and optional PostScript 2 emulation combines with an optional Fast Ethernet LAN connection to make color accessible to everyone in the workgroup.

SMART COLOR

If you have deadlines, you'll want the Gestetner C7005w or C7005p. You'll be printing full color images at 5 pages per minute. And, with black and white printing speeds of 17 pages per minute, you won't be kept waiting for any important information.

Both the C7005w and C7005p can be configured to accommodate up to 1,300 sheets of paper from four different sources. You'll be able to print full color onto a variety of paper stocks (up to 90 lb. index), transparencies and labels.

Gestetner Net Vision software makes it easy to monitor your Gestetner 7005w and 7005p on your network. Administrators can check printer status and change printer settings, both locally and, via an embedded web server, remotely. Clients view system status, troubleshoot problems and check on supplies – simply by looking at an icon on the Windows™ Task Bar. Plus, Net Vision MAP (Management Access Program) software allows you to monitor all SNMP-based printers, regardless of the manufacturer.

DEMAND GESTETNER COLOR

Today, color is not an option – it's a tool that smart businesses use to gain a competitive edge. And for brilliant color images, you won't do better than the Gestetner C7005w and C7005p Desktop Color Laser Printers. Plus, whether it's full color, monochrome network printers or multifunctional digital imaging systems, you can count on Gestetner for solutions to all your network imaging requirements.

For more information about the Gestetner C7005w and C7005p Desktop Color Laser Printers, contact your authorized Gestetner sales location.

Printer Specifications

Configuration Technology	Desk Top Laser Beam and Single Component Electro-Photographic printing
Resolution	600 x 600 dpi
Dimensions (WxDxH)	26.0" x 22.6" x 18.7" (Mainframe Only)
Weight	136.7 lbs. (Mainframe Only)
Print Speed	Full Color 5 ppm Black & White 17 ppm
Paper Sizes	8.5" x 11" - 11" x 17" (C7005w) 8.5" x 11" - 13" x 18" (C7005p)
Paper Weight	Tray: 16 - 28 lb. Bypass: 14 - 43 lbs. (90 lb. Index)
Paper Capacity	OHP Transparencies 250 Sheets Std. 50 Sheets Bypass Tray Optional 1,000 sheets (500 x 2)
Max. Paper Capacity	1,300 Sheets
Output Capacity	Face Down Stacking 250 Sheets
Warm-Up Time	Less than 8 minutes
First Print Speed	Less than 14 seconds B/W Less than 30 seconds Full Color

Controller Specifications

C7005w	
CPU	R4310
CPU Frequency	176 MHz
Additional RAM SIMM Slots	2
Standard RAM	32 MB
Printer Description Language	IPDL-C, PostScript Level 2 option
Network Protocol	TCP/IP, IPX/SPX (Netware)
Upgrade Memory (SIMM)	16 / 32 up to 96 MB
DIMM Slots for PostScript	2
Connectivity	
Parallel (Std.)	Bi-Centronics (IEEE1284)
Ethernet RJ45 (Optional)	10/100BaseT
C7005p	
CPU	R4700
CPU Frequency	133 MHz
Additional RAM SIMM Slots	4 (2 for std., 2 for optional RAM)
Standard RAM	32 MB
Printer Description Language	Adobe PostScript 3, PCL5c/5e
Network Protocol	TCP/IP, IPX/SPX (Netware) and AppleTalk
Upgrade Memory (DIMM)	64 MB, up to 160 MB (32 MB std. + 64 MB x 2)
Hard Disk Drive	2.5"/1.6 GB (option)
Connectivity	
Parallel	IEEE1284
Ethernet RJ45 (Std.)	10/100BaseT
Token Ring	Option
